JOB ADVERT

Background

Makerere University Lung Institute (MLI) is a center of excellence for Lung Health in the College of Health Sciences, Makerere University. Our mission is lung health research that integrates disease prevention, clinical care and training in sub-Saharan Africa. MLI therefore seeks to recruit a nurse to support service delivery at the Lung Institute Clinic (LIC).

Job Title: Nurse (1)
Reports to: Head of Clinical Services
Engagement: Fulltime
Duration: 1 year, renewable upon satisfactory performance

Job Summary: He/ She will play a crucial role in providing high-quality nursing care to our patients. He/ She will be responsible for delivering compassionate and patient-centered care, assisting in clinical procedures, and collaborating with a multidisciplinary team to ensure the well-being of patients and their families.

Duties and responsibilities

1. Recording patients' vital signs and medical information and progress
2. Preparing patients and assisting with treatments, surgery, or tests as needed
3. Providing care to patients based on their care plan outlined by their doctor
4. Maintaining accurate and up-to-date records of patients' care, and medication administration
5. Re-evaluating patient care plans as conditions change and notify appropriate nursing and medical staff to changes in the patient's status
6. Performing adherence counselling and other counselling needed by the patients
7. Fostering a supportive and compassionate environment to care for patients and their families
8. Commitment to maintaining confidentiality and professionalism at all times
9. Ensuring storage and disposal of medication is carried out according to policy
10. Supporting research teams operating in the clinic
11. Performing other nursing duties such as organising the clinic, dusting, patient cleaning whenever needed.
12. Participate in team meetings and contribute to the development of patient care strategies.
13. Prepare regular reports on all assigned duties

Qualifications & Skills:

- Diploma in Nursing from a recognized institution.
- Valid nursing license from the appropriate regulatory body
- In-depth knowledge of health and safety guidelines and procedures (sanitation, decontamination etc.) and willingness to follow them at all times
